HAMPTON COURT PALACE

For more than 500 years, Hampton Court Palace has set the stage for some of Britain's most significant moments. From the lavish banquets thrown by the court of Henry VIII to royal celebrations, diplomatic gatherings and historic meetings, this iconic palace has welcomed kings, queens and distinguished guests through its gates.

Events are evenly split with 50% wedding/private clients and 50% corporate/incentive. There is a huge range of venue options for both daytime and evening hire.

This venue requires a list of specialists in both the corporate and wedding sector, who don’t necessarily need to be able to accommodate both. There is also a requirement for outdoor event provision and are interested in developing this area.
